

Safety Bulletin

SB #: 12-001

Date: May 24, 2012

Subject: Goodman Networks Mandatory Safety Stand-Down

Details: This bulletin is being issued as a reminder of the dangers involved in our industry and to remind all of our employees and contractor personnel of the importance of planning safety into every project.

The following actions are to take place on or before Tuesday May 29, 2012:

1. All contractors working for Goodman Networks are responsible to perform a mandatory safety stand-down on or before Tuesday May 29, 2012. This mandatory stand down must include all construction and tower crews.
2. Contractors are required to review the attached Safety Stand-Down presentation with their personnel during the stand-down.
3. During the safety stand-down contractors must also emphasize the importance of inspecting all of their equipment used on their projects including but not limited to:
 - * Climbing and personal fall arrest equipment
 - * Rescue equipment, ropes designated and used for rescue, and first aid supplies
 - * Rigging, load lines, blocks, ropes, slings, and all hoists or winches used for lifting
 - * All other equipment used on project sites as necessary
4. Contractors must ensure that any subcontractors working on Goodman Networks sites participate in this mandatory safety stand down.
5. All contractor personnel participating in this mandatory safety stand-down must sign the attached roster.
6. Upon completion of this Stand-Down contractors must submit a copy of their completed sign-in roster to their local Goodman Networks Contract Manager and to safety@goodmannetworks.com by no later than close of business on 5/29/2012.
